## Introduction

---

Hill Directory Co., Inc., publishers of the Wilson Directory, present to subscribers and the general public this, the 1930 edition, of the Wilson Directory.

Confidence in the growth of Wilson's wealth, industry and population, and in the advancement of its municipal and social activities will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting the community to the world.

The enviable place occupied by Hill's directories in offices, stores, libraries and homes has been established by rendering the best in directory service. With an unrivaled organization, having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilson Directory will fulfill its mission as a source of authentic information pertaining to the community.

### FOUR MAJOR DEPARTMENTS

The several essential departments are arranged in the following order:

**THE BUYERS' GUIDE**, pages 17 to 40, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Wilson. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and as such merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Wilson, the necessity of having this kind of information immediately available is very great and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

**THE ALPHABETICAL LIST OF NAMES** of residents, business firms and corporations is included in pages 41 to 284. (A feature of this section is the inclusion of the wife's name in parenthesis following that of the husband.)

**THE DIRECTORY OF HOUSEHOLDERS**, including Street and Avenue Guide, covers pages 285 to 336. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each

street and avenue, and the names of householders and business concerns are placed opposite the numbers.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 337 to 380. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The directory is the common intermediary between buyer and seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

### COMMUNITY PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information the publishers have placed copies of this issue of the directory in directory libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Wilson, for business men everywhere realize that the city directory represents a community as it really is.

### THE WILSON DIRECTORY LIBRARY

Through the courtesy of the publishers of the Wilson City Directory, a Directory Library is maintained in the offices of the Wilson Chamber of Commerce for free reference by the general public. This is one of nearly 500 Directory Libraries installed in the chief cities of the United States and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., INC.,  
Publishers.

## Statistical Information

*(Furnished by Chamber of Commerce)*

Name of city—Wilson.

Slogan or sub-phrase—"World's Largest Tobacco Market."

Form of government—Mayor and Council.

Population—Local estimate, 21,224.

White population of age—Males, 10,270; females, 10,954.

Native-born population is 99 per cent of whole population.

Predominating nationalities in city are Americans.

Area—4 square miles.

Altitude—159 feet.

Average Temperature—60.1; rainfall, 47.42 inches.

Assessed valuation—\$20,327,000, with 68 cent tax rate.

Financial—5 banks. Resources, \$9,746,778.41; 3 savings banks with \$3,000,000.00 total deposits.

Post-office receipts of \$57,823.87, with \$1,310.00 in special deliveries.

Telephones in service—2,700.

Churches—26.

Building and construction—Value of building permits, \$223,095.00.

Industry—Number of establishments, 25, employing 5,051 men and 2,381 women, paying wages \$3,300,000.00 annually, and having products valued at \$20,000,000.00 annually.

Trade—Territory (retail) serves 50,000 people within the trading area covering a radius of 75 miles. Jobbing territory serves 500,000 people within a radius of 150 miles.

Principal products—Tobacco, corn, cotton.

Newspapers—2.

Hotels—There are 3 hotels, with total of 350 rooms. Newest hotel was built in 1922.

City served by 2 railroads, as follows: Atlantic Coast Line Railroad, Norfolk and Southern Railroad.

Amusements—There are 2 theatres, with a total seating capacity of 1,500 persons. Largest theatre or auditorium seats 1,500 persons.

Hospitals—Number, 2, with 85 beds.

Education—Name of College, Atlantic Christian College. Number of schools, 6, including 1 high school. Number of pupils in public schools, 4,069. Totals of all teachers is 102. Value of all school property, private and public, approximately \$647,106.00.

Libraries—Number, 1, with 5,700 volumes.

City statistics—Total street mileage, 70, with 22 miles paved. Miles of gas mains laid, 20. Capacity of water works (municipal), 300,000 gallons, daily average pump of 1,500,000 gallons, with  $35\frac{1}{4}$  miles of mains and value of plant estimated at \$500,000. Fire department employs 6 men, with following equipment: 3 engines, triple combination motor truck, carrying pumper, water, hose and chemicals, 1 hook and ladder truck, in 1 station house. Police department has 20 men, with 1 station and 3 pieces of motor equipment.

WILSON, NORTH CAROLINA, incorporated in 1849, has practically doubled its population every ten years, as follows:

1900.....	3,525
1910.....	6,717
1920.....	10,612
1930.....	21,224

WILSON, THE WORLD'S LARGEST LEAF TOBACCO MARKET, is located in the heart of the South's richest agricultural section, being in the extreme upper edge of the Coastal Plain District and on the lower border of the Piedmont section, thus giving WILSON the advantages of both and a climatic condition unsurpassed.

WILSON'S GEOGRAPHICAL LOCATION, plus the influence of its cotton and tobacco markets, makes the city a natural trade center for Eastern Carolina. Transportation facilities are splendid, being served by the Atlantic Coast Line Railroad running north and south, and the Norfolk Southern Railroad running east and west. In addition to this WILSON is located on State Highways Nos. 91, 40 and 22, these routes being designated as Federal Highways 17-1 and 217, are known as the South Atlantic Coastal Highway and the Carolina-Virginia Short Route—"The Shortest and Best Routes South." A splendid system of hard-surfaced highways radiate from WILSON throughout the State. (North Carolina highways have attracted world-wide attention.) WILSON, therefore, is the home of a great many traveling men and is the logical point for distributing houses and jobbers in this section of the State.

WILSON'S PUBLIC UTILITIES, electric power, water and gas plants are owned by the city, electric power being furnished by steam and hydro plants. These plants furnish power for the industries of WILSON and a number of adjoining towns, and at no season has power ever been reduced for any cause whatsoever. The city is now doubling its capacity and expending \$400,000.00 on improvements. According to a survey made by Mylo R. Maltbie, Public Utility Consultant, of New York City, the utilities were recommended as having rates that compare favorably with larger companies operating in adjoining territories.

GOVERNMENT.—WILSON is governed by a Mayor and Board of Aldermen of five, one from each ward, who hold their office for two years and are elected by the people.

EDUCATIONAL.—WILSON has an excellent system of free public schools and a modern high school equipped with swimming pool and gymnasium. Wilson County has the most modern system of rural consolidated schools in North Carolina, and its system has been adopted by the State Board of Education as a model for the other counties, every township (of which there are ten in the county), now has a modern two-story brick schoolhouse. Wilson County was the first county in the State that voted a special county school tax.

WILSON is the home of the Atlantic Christian College, the largest Class A college in Eastern Carolina. The completion on January 1, 1930, of the \$300,000.00 campaign for endowment, bringing up the endowment fund to approximately \$400,000.00, leaves Atlantic Christian College free to resume its building program on the new forty-acre site near Wilson on highway No. 91. The first unit of this new plant will consist of an administration building, a boys' dormitory, a girls' dormitory, gymnasium and heating plant. The cost of this new plant is estimated to be between \$300,000.00 and \$400,000.00, and its completion will enable the college to do its work much more effectively. The final plans call for five additional buildings. These will be erected as the college grows in number and as its needs arise.

**LAND VALUES.**—Number of cleared acres in county, 109,789; valued for tax, \$13,867,557.00; average, \$84.00 per acre. Number of acres of pasturage, 2,689; valued for tax, \$56,642.00. Number of acres of woodland, 182,626; valued for tax, \$2,334,383.00. Number acres of timber land, 9,236; valued for tax, \$558,061.00. Number of acres of quarry land, 98; valued for tax, \$617,517.00. Number of acres of waste land, 23,081; valued for tax, \$472,771.00 Total acreage in Wilson County, 227,519; valued for tax, \$17,303,089.00.

**VALUATION.**—WILSON assessed valuation in 1928 was \$20,327,000.00; the total valuation, real and personal, for Wilson County in 1928 was \$45,368,982.00.

**TAXES.**—1928 city tax rate is 68 cents on \$100.00; 1928 county tax rate, \$2.26 for all purposes.

**FIRE DEPARTMENT.**—WILSON has a handsome central fire station and a modern and efficient motorized fire department.

**HOSPITALS.**—WILSON'S hospital facilities are splendid, having two large hospitals for white and one for colored. The county's health and welfare departments are attracting attention of the entire country. The citizens of the county have allowed themselves to be taxed and have co-operated with the State in the loyal support of the Health Department.

**BANKS.**—WILSON has five of the strongest banking institutions in Eastern North Carolina. These financial institutions are well managed, officered and directed by the best business men of the city. There has never been a bank failure in the history of WILSON or Wilson County. There are also three active Building and Loan Associations.

**HOTELS.**—WILSON has three hotels, with three hundred rooms: Cherry, Briggs, and Imperial. These hotels are modern, with reasonable rates. Conventions can be held in WILSON accommodating delegates comfortably at a most reasonable price.

**NEWSPAPERS.**—WILSON has a daily paper and a semi-weekly paper, with a subscription list covering Eastern Carolina. The Zion Landmark, the official organ of the Primitive Baptist Church, is also published in WILSON.

**LIBRARIES.**—Wilson County has a public library with more than 5,700 volumes. The churches and schools also have libraries well equipped with books and the latest current literature.

**CHURCHES.**—WILSON'S handsome churches are a source of pride to the citizens. The influence of the churches has created an atmosphere that has made this community an ideal place in which to live. Practically all the denominations are represented and the doors of the churches stand open to the stranger.

**CHAMBER OF COMMERCE.**—This organization strives to bring about a concentration of the brains and energy and money of the community so that its people may develop their resources and industries. This organization takes a deep interest in all that pertains to the welfare and developments of the community. They have sponsored a number of matters that probably would not have attained their ultimate goal had it not been for their efforts.

**CLUBS.**—The Country Club, ideally located three miles south of the city, with its eighteen-hole golf course and tennis courts, affords great pleasure to its members and golf enthusiasts.

**COUNTY HIGHWAY COMMISSION.**—With full supervision of highways and the building of good roads in all directions leading into WILSON has made the city accessible in the selling of farm produce.

**ORGANIZATIONS.**—WILSON has a live Retail Merchants' Association, Woman's Club, Professional and Business Women's Club, Kiwanis Club, Rotary Club, Lions Club, as well as other various organizations. These organizations do a very effective work for the community.

**INDUSTRIAL.**—WILSON has various industries. It is the home of the South's oldest and largest vehicle manufacturing concerns—Hackney Brothers and Hackney Wagon Company have been in business nearly seventy-five years. This old but live and progressive concern is now busily engaged in the manufacture of farm implements, truck and bus bodies. The Southern Dairies are manufacturers of ice cream. Due to the extreme agricultural interest, WILSON business men have developed a large fertilizer manufacturing industry, and WILSON is now recognized as one of the large centers engaged in the manufacture of cotton seed products, feed and fertilizer. The Carolina Creamery, incorporated in 1930, provides the public of WILSON with a sanitary milk supply according to the most approved methods, and produces all kinds of dairy products.

The value of WILSON'S trade area is illustrated by the fact that there is more than one million people residing within a radius of one hundred miles, all of whom may leave their homes, spend several hours in WILSON, and return the same day over hard-surfaced roads. To this tremendous trade area the retail merchants of WILSON, carrying a splendid line of merchandise, are alert in every way.

During the year 1925 the city spent more than a million and a quarter on city improvements, including streets, sidewalks, white way, water and sewer improvements. During the year 1926 the city erected a handsome new central fire station.

Huge building programs have been carried out for the past three years, the county has erected a handsome new courthouse at a cost of a half million dollars, the First National Bank has erected an eight-story bank building, and the government has erected a Federal building at a cost of two hundred and sixty thousand dollars.

**WILSON TOBACCO MARKET.**—The WILSON tobacco market is conducted on the auction system and has been built up and is maintained by a group of far-visioned and progressive men whose business integrity and methods are vouchsafed and responsible for WILSON'S commanding industry in the tobacco world. This market is an accomplishment that every citizen is proud of and was achieved only after years of experience. Practically every dealer in leaf tobacco in the world has buyers on the WILSON market, and the larger tobacco companies have erected huge re-drying plants, where this product is re-dried, packed, and shipped to all parts of the world.

**WILSON COTTON MARKET.**—WILSON is one of the leading cotton markets of Eastern North Carolina, handling every season more than fifty thousand bales of cotton. Wilson County and contiguous counties produce 80 per cent of North Carolina's cotton crop. The prices paid on the WILSON market in the last few years have been higher than almost any market in the eastern part of the State. Until a few years ago only two large cotton exporters were represented on the WILSON market; these firms were located at Norfolk and Wilmington. Now these two exporters are still represented, as well as a number of others. The competition on the WILSON market is the keenest of any market in the State, bar none.

**FARMING.**—Wilson County is situated in the center of the bright leaf tobacco belt, which gives it prominence throughout the world. It has also the distinction of being the center of the highest cotton producing section per acre in the world. Wilson County soils are well adapted to the raising of corn, hay, potatoes, legumes of many varieties, peanuts, oats, rye, and various and sundry kinds of fruits, vegetables and live stock. The farmers of Wilson County plant on an average of 20,000 acres of cotton, 35,000 acres of corn, and 16,500 acres of tobacco yearly.

A woman's most profitable investment is in personal appearance. A few hours each month spent in the hands of an expert culturist repays the recipient many times in added attractiveness and personal satisfaction.

Our operatives are all accredited graduates of the leading beauty institutes of the world, and our methods as modern as science and ingenuity have made possible.

**Names Appearing in Black Letters**

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the city, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

# City Directory Don'ts

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping some one to find it.

---

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

---

DON'T look mad when a customer asks to look at your Directory.

---

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

---

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

---

DON'T forget that a Directory borrower to-day will forget to return it to-morrow and you will call him what?

---

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

WILSON HOUSEHOLDERS' DIRECTORY (1930)

285

## HILL'S Wilson Directory of Householders Occupants of Office Buildings and Business Places INCLUDING A COMPLETE Street and Avenue Guide 1930

Copyright, 1930, by Hill Directory Co., Inc.

The named streets are arranged in alphabetical order, followed by the numbered streets in numerical order.

Intersecting streets are shown at the actual numbers where they intersect on each of the streets.

House numbers are compiled in numerical order, both sides of street embracing odd and even numbers, included in one list representative of the entire street.

Following the street numbers are shown the names of the resident occupant or business concern. Places of business are indicated by the nature of the business being stated after the names.

\*\*\* between two intersecting streets designate there are no houses between them. (e) denotes colored.

# **Power of Advertising**

The City Directory is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

**Advertising** is the foundation upon which successful businesses are built. You must apply this to your own particular business.

**Advertising** is the power of an idea multiplied.

---

**RATES UPON APPLICATION**

---

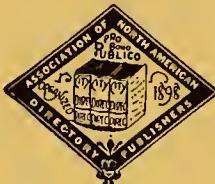

No other service compares with City Directory service

---

**HILL DIRECTORY CO., Inc.**  
**PUBLISHERS**

**8 North Sixth St. (4th floor)      RICHMOND, VA.**

# This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

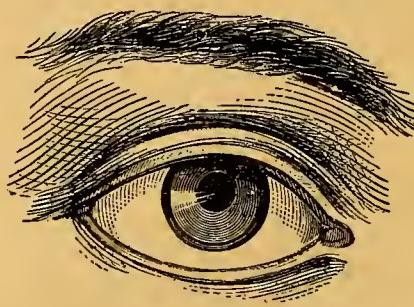

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

## Association of North American Directory Publishers

524 Broadway

New York City

The EYE is seventeen times stronger than the EAR.

Research has proven that impressions received through the eye are seventeen times more effective than those received through the ear.

Your advertisement in the City Directory reaches the vision of your prospects all over the city 365 days in the year, because some one is using it every hour in the day.
